## Schedule of Prices

### Project Location No. 1 - Joerger Road Lift Station Improvement Project

#### INSTRUCTIONS:

- Award will be based on the lowest total of all three projects
- Enter the Pricing for all items listed.
- Asterisk (\*) denotes a Mandatory field.
- Do not enter \$0.00 unless you are offering the item or service at no cost, or it is otherwise included in your total cost.
- When an item of work is designated as (F) or (P-F) in the Engineer's Estimate, the estimate quantity shall be the final pay quantity. When an item of work is designated as (P) or (P-F) in the Engineer's Estimate, then that item is subject to partial payment as materials furnished but not incorporated in the work. The Department does not adjust the unit price for an increase or decrease in the bid item quantity of items indicated by a (W) in the bid list.

The work for which this bid is submitted is for construction in conformance with the special provisions (including the payment of not less than the State general prevailing wage rates or Federal minimum wage rates), the project plans described below, including any addenda thereto, the contract annexed hereto, and also in conformance with the California Department of Transportation Standard Plans, dated 2018, the Standard Specifications, dated 2018, and the Labor Surcharge and Equipment Rental Rates in effect on the date the work is accomplished.

Bids are to be submitted for the entire work. The amount of the bid for comparison purposes will be the total of all items.

County reserves the right to reject any or all bids and to waive any irregularities in bids.

The bidder shall set forth for each unit basis item of work a unit price and a total for the item, and for each lump sum item a total for the item, all in clearly legible figures in the respective spaces provided for that purpose. In the case of unit basis items, the amount set forth under the "Item Total" column shall be the product of the unit price bid and the estimated quantity for the item.

In case of discrepancy between the unit price and the total set forth for a unit basis item, the unit price shall prevail, except as provided in (a) or (b), as follows:

(a) If the amount set forth as a unit price is unreadable or otherwise unclear, or is omitted, or is the same as the amount as the entry in the item total column, then the amount set forth in the item total column for the item shall prevail and shall be divided by the estimated quantity for the item and the price thus obtained shall be the unit price;

(b) (Decimal Errors) If the product of the entered unit price and the estimated quantity is exactly off by a factor of ten, one hundred, etc., or one-tenth, or one-hundredth, etc. from the entered total, the discrepancy will be resolved by using the entered unit price or item total, whichever most closely approximates percentage-wise the unit price or item total in the COUNTY OF PLACER's Final Estimate of cost.

If both the unit price and the item total are unreadable or otherwise unclear, or are omitted, the bid may be deemed irregular. Likewise if the item total for a lump sum item is unreadable or otherwise unclear, or is omitted, the bid may be deemed irregular unless the project being bid has only a single item and a clear, readable total bid is provided.

Symbols such as commas and dollar signs will be ignored and have no mathematical significance in establishing any unit price or item total or lump sums. Written unit prices, item totals and lump sums will be interpreted according to the number of digits and, if applicable, decimal placement. Cents symbols also have no significance in establishing any unit price or item total since all figures are assumed to be expressed in dollars and/or decimal fractions of a dollar. Bids on lump sum items shall be item totals only; if any unit price for a lump sum item is included in a bid and it differs from the item total, the items total shall prevail.

The foregoing provisions for the resolution of specific irregularities cannot be so comprehensive as to cover every omission, inconsistency, error or other irregularity which may occur in a bid. Any situation not specifically provided for will be determined in the discretion of the COUNTY OF PLACER, and that discretion will be exercised in the manner deemed by the COUNTY OF PLACER to best protect the public interest in the prompt and economical completion of the work. The decision of the COUNTY OF PLACER respecting the amount of a bid, or the existence or treatment of an irregularity in a bid, shall be final.

If this bid shall be accepted and the undersigned shall fail to enter into the contract and furnish the 2 bonds in the sums required by the State Contract Act, with surety satisfactory to the COUNTY OF PLACER, within 10 days, not including Saturdays, Sundays and legal holidays, after the bidder has received notice from the COUNTY OF PLACER that the contract has been awarded, the COUNTY OF PLACER may, at its option, determine that the bidder has abandoned the contract, and thereupon this bid and the acceptance thereof shall be null and void and the forfeiture of the security accompanying this bid shall operate and the same shall be the property of the COUNTY OF PLACER.

The bidder, declares that the only persons or parties interested in this bid as principals are those named herein; that this bid is made without collusion with any other person, firm, or corporation; that he has carefully examined the location of the proposed work, the annexed proposed form of contract, and the plans therein referred to; and he proposes, and agrees if this bid is accepted, that he will contract with the COUNTY OF PLACER, in the form of the copy of the contract annexed hereto, to provide all necessary machinery, tools, apparatus and other means of construction, and to do all the work and furnish all the materials specified in the contract, in the manner and time therein prescribed, and according to the requirements of the Engineer as therein set forth, and that he will take in full payment therefore the following prices, to wit:

## Schedule of Prices

### Project Location No. 1 - Joerger Road Lift Station Improvement Project

#### INSTRUCTIONS:

- Award will be based on the lowest total of all three projects
- Enter the Pricing for all items listed.
- Asterisk (\*) denotes a Mandatory field.
- Do not enter \$0.00 unless you are offering the item or service at no cost, or it is otherwise included in your total cost.
- When an item of work is designated as (F) or (P-F) in the Engineer's Estimate, the estimate quantity shall be the final pay quantity. When an item of work is designated as (P) or (P-F) in the Engineer's Estimate, then that item is subject to partial payment as materials furnished but not incorporated in the work. The Department does not adjust the unit price for an increase or decrease in the bid item quantity of items indicated by a (W) in the bid list.

The work for which this bid is submitted is for construction in conformance with the special provisions (including the payment of not less than the State general prevailing wage rates or Federal minimum wage rates), the project plans described below, including any addenda thereto, the contract annexed hereto, and also in conformance with the California Department of Transportation Standard Plans, dated 2018, the Standard Specifications, dated 2018, and the Labor Surcharge and Equipment Rental Rates in effect on the date the work is accomplished.

Bids are to be submitted for the entire work. The amount of the bid for comparison purposes will be the total of all items.

County reserves the right to reject any or all bids and to waive any irregularities in bids.

The bidder shall set forth for each unit basis item of work a unit price and a total for the item, and for each lump sum item a total for the item, all in clearly legible figures in the respective spaces provided for that purpose. In the case of unit basis items, the amount set forth under the "Item Total" column shall be the product of the unit price bid and the estimated quantity for the item.

In case of discrepancy between the unit price and the total set forth for a unit basis item, the unit price shall prevail, except as provided in (a) or (b), as follows:

(a) If the amount set forth as a unit price is unreadable or otherwise unclear, or is omitted, or is the same as the amount as the entry in the item total column, then the amount set forth in the item total column for the item shall prevail and shall be divided by the estimated quantity for the item and the price thus obtained shall be the unit price;

(b) (Decimal Errors) If the product of the entered unit price and the estimated quantity is exactly off by a factor of ten, one hundred, etc., or one-tenth, or one-hundredth, etc. from the entered total, the discrepancy will be resolved by using the entered unit price or item total, whichever most closely approximates percentage-wise the unit price or item total in the COUNTY OF PLACER's Final Estimate of cost.

If both the unit price and the item total are unreadable or otherwise unclear, or are omitted, the bid may be deemed irregular. Likewise if the item total for a lump sum item is unreadable or otherwise unclear, or is omitted, the bid may be deemed irregular unless the project being bid has only a single item and a clear, readable total bid is provided.

Symbols such as commas and dollar signs will be ignored and have no mathematical significance in establishing any unit price or item total or lump sums. Written unit prices, item totals and lump sums will be interpreted according to the number of digits and, if applicable, decimal placement. Cents symbols also have no significance in establishing any unit price or item total since all figures are assumed to be expressed in dollars and/or decimal fractions of a dollar. Bids on lump sum items shall be item totals only; if any unit price for a lump sum item is included in a bid and it differs from the item total, the item total shall prevail.

The foregoing provisions for the resolution of specific irregularities cannot be so comprehensive as to cover every omission, inconsistency, error or other irregularity which may occur in a bid. Any situation not specifically provided for will be determined in the discretion of the COUNTY OF PLACER, and that discretion will be exercised in the manner deemed by the COUNTY OF PLACER to best protect the public interest in the prompt and economical completion of the work. The decision of the COUNTY OF PLACER respecting the amount of a bid, or the existence or treatment of an irregularity in a bid, shall be final.

If this bid shall be accepted and the undersigned shall fail to enter into the contract and furnish the 2 bonds in the sums required by the State Contract Act, with surety satisfactory to the COUNTY OF PLACER, within 10 days, not including Saturdays, Sundays and legal holidays, after the bidder has received notice from the COUNTY OF PLACER that the contract has been awarded, the COUNTY OF PLACER may, at its option, determine that the bidder has abandoned the contract, and thereupon this bid and the acceptance thereof shall be null and void and the forfeiture of the security accompanying this bid shall operate and the same shall be the property of the COUNTY OF PLACER.

The bidder, declares that the only persons or parties interested in this bid as principals are those named herein; that this bid is made without collusion with any other person, firm, or corporation; that he has carefully examined the location of the proposed work, the annexed proposed form of contract, and the plans therein referred to; and he proposes, and agrees if this bid is accepted, that he will contract with the COUNTY OF PLACER, in the form of the copy of the contract annexed hereto, to provide all necessary machinery, tools, apparatus and other means of construction, and to do all the work and furnish all the materials specified in the contract, in the manner and time therein prescribed, and according to the requirements of the Engineer as therein set forth, and that he will take in full payment therefore the following prices, to wit:

Welcome! To the Bid Opening for 20268 Placer County SMD1 and two sewer lift station improvements, my name is Alicia Wilbur

Everyone is on mute to cut down any background noise of feedback. Therefore, I won't be able to take any questions. If you cannot hear me, please let me know through the chat tool. If you have any questions, please email them to me after this bid opening.

I will read out only the apparent low bidders sub-contractors.

The top three low bids should make sure that they submit the hard copy bid bond to Procurement Services within the time stated in bids and tenders.

I will post the bid opening sheet on bids and tenders as soon as I can. I usually try for no more than an hour after the opening however sometimes it more. I can promise I will have it up by the end of today.

I will apologize right now, there will be lots of awkward silence, it takes a while to download the submitted bids so I will be silent as I am doing so. I will give you advance warning when I go silent. I will also check to see if any hardcopy bids were handed in.

The Engineer's Estimate for this project is **\$473,675.00**

(a) If the amount set forth as a unit price is unreadable or otherwise unclear, or is omitted, or is the same as the amount as the entry in the item total column, then the amount set forth in the item total column for the item shall prevail and shall be divided by the estimated quantity for the item and the price thus obtained shall be the unit price;
